Now his press agents have sent out

a story to the effect that he has the support of all members of the Cherokee committee which has in charge the claim against the government. That committee is composed of Gus Ivey, Dr. J. C. Bushyhead and E. V. Schrimminger.

Is for Chandler.
We have been unable to get in touch with Mr. Schrimminger, but Gus Ivey has written a statement to the effect that, although he is a Wilson Democrat, he will not support Davenport, but on the other hand do all in his power to elect Bert Chandler, whom he knows to be an Indian by blood, and a friend of the Indian, and a man who can be trusted.

Doctor Bushyhead has signed a statement which follows:
"Claremore, Okla., Oct. 30.—My attention has been called to a publication in the Tulsa Daily Democrat of Saturday evening, October 28, as follows:
"A committee has already been named to co-operate with Congressman Davenport in pressing this claim on behalf of the Cherokees and irrespective of politics, the members of the committee are supporting Congressman Davenport to the man in his present race for re-election. The members of the committee, named at the Cherokee mass meeting, are Gus Ivey of Tulsa, Dr. J. C. Bushyhead of Claremore, and E. V. Schrimminger of Collinsville, all of whom realize that only through the re-election of Congressman Davenport will there be any possible chance of getting legislation passed by congress whereby the claim can be referred to the court for adjudication."

"I wish to most emphatically deny, as supporting Congressman Davenport for re-election, I heartily endorse T. A. Chandler and expect to vote for him and use my influence to secure his election. Very truly yours, J. C. Bushyhead."
When Chief Rogers, who is a Wilson Democrat, was asked how he stood in the congressional race, he stated that he did not care to be quoted, that both men were friends of his, and that he intended to support the man whom he thought would be of the greatest benefit to the Cherokee Indian. That means he will support Bert Chandler.

"Do-Nothing" Jim has fooled "his" people so long, they no longer have the least confidence in his word, and so far as his ability is concerned, he has none.

Must Furnish Service.

Special to The World.

OKLAHOMA CITY, Nov. 2.—The corporation commission today ordered the Rock Island to furnish Pullman service between Oklahoma City and Sayre, beginning November 15. The distance is 119 miles. Application for the service was made to the commission several weeks ago, and the railroad company was given an opportunity to present its side to the commission. The latter, however, concludes that the business would justify installing the service.

WOMAN A PHYSICAL WRECK

Tells in Following Letter How
She Was Restored to Health
by Lydia E. Pinkham's
Vegetable Compound.

Milwaukee, Wis.—"Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more."—Mrs. P. L. BULL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Various Forms Of Headache

"It is necessary in order to treat headache properly to understand the causes which produce the affection," says Dr. J. W. Ray, of Brockton, Ala. Continuing, he says, "Physicians cannot even begin to understand a disease without knowing what causes give rise to it, and we must remember that headache is not a disease, but a symptom of one. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose, anti-kamnia tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and ease in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "Anti-Kamnia." And when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few anti-kamnia tablets as a safeguard against instant use. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamnia tablets at all druggists.

BEGIN WORK ON CONCRETE ROAD

Sapulpa Commissioner Puts
Pet Plan Into Actual
Building.

Special to The World.

SAPULPA, Okla., Nov. 2.—Work will begin tomorrow on the concrete road south of this city and will be under the direct supervision of Engineer Binkley and Commissioner J. H. N. Cobb, in whose district the road is located. The road is being built for an experiment in one sense of the word, but is being built on a road that is traveled as much as any road in the county, and when completed will have a chance of testing out the durability and adaptability of concrete highways.

Mr. Cobb's pet hobby is good roads, and he devoted more time to that one thing than any other man in the county. He is worth many times his salary to the taxpayers of the county, and earns his salary every year in just working the roads. It is a pleasure to him to get out and work the public roads, and wants Creek county to have the best in the state, he says, and will not be satisfied until that is an actual fact.

The frames are all down for the new road, and it is expected that the work will be accomplished in a very short time. The concrete will be 18 feet wide and will have a parkway of four feet of macadam on each side of the concrete.

Has Been Graded.

The road has been graded to the stakes set by the county engineer, and everything is ready for the work to begin in the morning. The rock in this road will be from the limestone quarry north of this city and will be crushed by the new crusher put in by the county just recently. This is one of the improvements that Mr. Hobbs has been asking for, to these many years, and has but just got it. The first rock to be crushed by it will go into this new concrete road.

The county engineer claims that there is enough limestone in the hills north of this city to macadam and concrete every road in the county and will be much cheaper than the chat that has been used heretofore. The county owns the crusher and will furnish the rock to all roads needing them inside the county just as fast as possible. The rock will have to be purchased from the owner, Bert Weaver, but with that the cost will not be nearly what the chat would cost.

If this road proves a success, then Creek county can look for a large number of miles of concrete to be put in within the next few years.

SHOOT SOLDIERS AND ROB TRAIN

Villa Bandits Loot South-
bound Train From Juarez
on Monday.

CHIHUAHUA CITY, Nov. 1 (via El Paso Junction, No. 2).—After shooting the 29 Carranza military guards of the southbound passenger train which left Juarez Monday, Villa bandits looted the train, robbed the passengers and even took the clothing from the women passengers. Dr. Haffner, a German passenger on the train, who was mistaken by the bandits for an American, was struck over the head by one of the bandits, who used his gun as a club. Dr. Haffner was not seriously injured. The bandits, who were in command of Murga brothers and Sylvester Quevedo, then abandoned the train, carrying the loot away in mule-drawn wagons.

After the execution of the Carranza soldiers by the bandits, a systematic looting of the train and the robbing of the passengers started, according to the reports made to General Trevino by the passengers who arrived here. The passengers were robbed of their baggage and personal belongings. After robbing the passengers the express car was looted. Wagons drawn by mule teams, ready to be loaded, were awaiting at the Laguna station. After holding the train one and a half hours the bandits permitted it to continue to Chihuahua City, about sixty miles south. The bandit command marched away to the north after watching it depart. They are believed then to have burned the bridges between Laguna and Callago, twenty miles north.

A military train carrying four hundred Carranza soldiers was sent out from Sauz, 26 miles north of here, to pursue the bandits.

Ballots Insufficient.

Special to The World.
OKLAHOMA CITY, Nov. 2.—Five counties, Kingfisher, Greer, Canadian, Muskogee and Stephens, reported to the state election board today that the number of ballots for state officers and the state question (fair election law) that had been apportioned by the election board was insufficient for the number of voters that had been registered. The board immediately ordered the additional ballots to be printed and sent. A Guthrie printing establishment did all the printing, and the additional orders are being sent to the printing house with instruction for the ballots to be sent directly from there to the different counties where needed.

ment Adjourn Until November

HER "WONDERFUL EYES" WON Chicago County Hospital Custodian Tells Nurse Eye Beams for Him.

CHICAGO, Nov. 2.—This is the girl with the wonderful eyes whom Ole Nelson won for his prize. Are they brown, or black, or gray, or blue? Ole is mystified, what say you?
She was Miss Myrtle Kinsman, supervisor of nurses at the county hospital until Nelson, who is custodian, converted her that eyes like hers were made to beam for him. They were married July 21, during vacation time, but the world knew nothing about it until Wednesday, when Nelson found himself unable to suppress the good news longer.
"She has the most wonderful eyes in the world," Nelson said to Dr. R. T. Vaughan, night warden. Then, he couldn't tell the color of them. And what's more, Mrs. Nelson isn't positive about it herself.
"Some say they're hazel brown, others say they're dark blue," she said.
There are nurses who assert her eyes are "changeable."
The photographer who took her picture can only guess.
But everybody who has ever looked into their limpid depths agrees with Ole.

CHINESE HONOR AMERICAN. Shipman Is Regarded as Agent of Joss Gods by Orientals.

SAN FRANCISCO, Nov. 2.—In the Joss houses of Chinatown an American is to be honored for the first time in a decade tomorrow and the altars of the Joss gods are to be laden with delicacies and sweets by the Chinese in thanks to the gods for the answering of their prayers.
The American is John H. Rossetti, vice-president and general manager of the Pacific Mail Steamship company, who is leaving with his wife for the Orient tomorrow on the steamship "Venezuela." Behind the offering of the thanks to the Joss gods and the honor to Rossetti is the story of the belief of the Chinese that Rossetti has been sent to them by the Joss gods to relieve them from the trade oppression of the Japanese.

A detective entered the house, and the burglars, who were said to have packed valuable clothing, stage trinkets and jewels ready for removal, attempted to escape.

What It Was For.

Wife—Alfred, will you let me have 50 cents to contribute to my uplift society?
Hubby—Why, I gave you \$350 for that last week!
Wife—Oh, no. The \$350 was to get me a new dress and hat to wear to the society lawn fete!—Judge.
